SKY Beam

The classic and stylish SKY Beam, with its robust aluminium legs and steel underframe, is ideal for waiting rooms, lecture theatres, convention centres and airports. The polished diecast aluminium leg system creates a beautiful look.

Available in 2, 3 or 4 seater modules, SKY Beam is very adaptable and will be the solution to almost any layout design. SKY Beam is available with or without armrests and configured with tables. Can be covered in fabric, vinyl or leather to your selection.

SKY BEAM

features + options

Safe Smooth Edges –

The edges on the seat and back are smooth and safe without any sharp surfaces or corners.

Hygienic Design –

With a separate seat and back, SKY Beam prevents dirt being trapped and makes for easy cleaning.

Optional Integrated Table –

Can be placed anywhere in place of a seat position.

Optional Arms –

Optional on SKY Beam System, Arms can be placed on ends only or on all seats.

Heavy Duty Steel Underframe –

Robust steel underframe for durability.

Optional Floor Fixing –

Easy fastening to flooring if required
